Commissioner,
Food and Drug Administration

Rockville, MD 20857

Dear Dr. Henney:

In view of the current European hysteria over "genetically modified" food, and the evident efforts of some activists to spread misinformation about the effectiveness of the U.S. regulatory system, we would like to meet with you to discuss how we might work effectively together to ensure that U.S. consumers have access to the most accurate information and clearest safety assurances.

Please have your staff let my assistant, Jean Lamb, know when it might be convenient to meet.

Sincerely,

Carl B. Feldbaum
President
